The deadline for submission is March 15, 2022.

The 2022 meeting will be virtual by Zoom and it is held within the framework of the 2022 RIDGE Forum along with the following workshops:

- LACEA BRAIN, May 17-18

- LACEA Political Economy, May 26-27

- WELAC (LACEA) Gender Inequality, June 3

The LACEA Economic History Network (LACEA-EHN) seeks to promote research on all areas of economic, social, business, and financial history, with a focus on Latin America and the Caribbean. We believe that studying the region's past is key to better understand its present. In this line of thought, important areas of study include colonization and colonial legacies, institutions, growth patterns, inequality, political cycles, culture, gender disparities, migration, conflict, and infrastructure development.

This workshop fulfills part of our aim to collaborate with other regional networks and institutions, and to encourage scholarly exchanges all across the social sciences. We seek to engage with leading scholars in the field as well as to foster young researchers.

The RIDGE Forums and LACEA networks aim to favor the spread of high quality research in economics by bringing together top local and regional researchers working on the frontier of knowledge and policymakers.

Participants to any workshop are welcome and encouraged to attend the other

workshops.
